

Cranbury College Key Stage 5 Phase

Key Stage 5 (Post 16) offers a college setting with smaller class sizes which may appeal to students who find larger settings difficult to access.

Typically, students who do well with us are those who have a clear pathway in mind but are not yet ready to transition into Employment or Further Education.

Alongside academic subjects such as Maths and English (in accordance with the Guidance on Resits and ongoing study) we also offer EEP (Employability, Enrichment and Pastoral).

All students are offered a bespoke 16 session timetable tailored to meet their individual needs and aspirations. Students work alongside staff to gain academic qualifications and improve skills to help them transition into further education, apprenticeships and employment.

They are expected to progress through the extensive opportunities:

- Work experience opportunities
- Ability to apply for vacancies, college, apprenticeships, FE
- AP involvement i.e.; Readipop, Woodwork
- Facilitated Social time
- Key working sessions
- Raising literacy – word of the week
- Guest speakers from local organisations/employers/industry
- Visits to local organisations ie; Wagamamas to promote healthy eating
- Mental Health surgeries
- Partner agencies i.e.; Police, school nurse, youth service, careers service
- Meetings to support wellbeing and progress
- Parents/students questionnaire
- Team Building events – Get Berkshire Active
- Pathill – Leadership
- Travel training

Success will be demonstrated by students:

- ✓ Secured destination to avoid NEET
- ✓ Improved social skills
- ✓ Qualifications
- ✓ Increased attendance
