Introduction

This policy statement sets out the Trust's arrangements for managing the access of providers to students at the schools for the purpose of giving them information about the provider's education and training. This complies with the Trust's legal obligations under Section 42B of the Education Act 1997.

Student Entitlement

All students in years 7 – 13 are entitled:

- To find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- To hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events
- To understand how to make applications for the full range of academic and technical courses

Management of Provider Access Requests

Procedure

A provider wishing to request access should contact Mr Rob Buck, Trust Lead for Careers and Destinations on:
0118 926 2467
r.buck@maidenerleghtrust.org

Safeguarding

The Trust is committed to safeguarding, equal opportunities and promoting the welfare of children and young people and expect all staff and volunteers to share this commitment.

GDPR Statement

Where Providers can demonstrate a legitimate requirement to be granted access to students personal data and it is deemed by the School to be an appropriate request, that data may be shared with the Provider on the condition they have demonstrated compliance with Data Protection and/or GDPR legislation.

All employees or volunteers of the Provider are subject to Disclosure and Barring checks (or appropriate equivalent) if they have access to personal information.

All access to this personal information is restricted to authorised personnel, and only authorised personal information is allowed to pass between the Provider and the School.

Personal information is destroyed once the reason for its use has been completed.

Opportunities for Access

A number of events, integrated into the Trust careers programme, will offer providers an opportunity to come into school to speak to students and/or their parents/carers:

	Autumn Term	Spring Term	Summer Term
Year 7	<p>Tutor sessions on Financial Awareness and Preparing for Adult Life</p> <p>Mathematics Puzzle Day</p> <p>3M Young Innovator Challenge</p> <p>TeenTech Award</p>	<p>Tutor sessions on Financial Awareness and Preparing for Adult Life</p> <p>Science Fair</p> <p>E-Safety Day</p> <p>Celebrating National Apprenticeship Week Event</p>	<p>Tutor sessions on Financial Awareness and Preparing for Adult Life</p> <p>Fire Safety Day</p> <p>STEM Fair</p>

We are also very interested in setting up careers breakfast clubs with employers and employer speed dating events.

Please speak to our Careers Leader to identify the most suitable opportunity for you.

The school offers a comprehensive Careers Education Information Advice and Guidance Programme and an overview of the programme can be seen on the school website.

Premises and Facilities

The Trust will make the main hall, classrooms or private meeting rooms available for discussions between the provider and students, as appropriate to the activity. The School will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader.

Providers are welcome to leave a copy of their prospectus or other relevant course literature at school. Resources will also be uploaded electronically to the relevant section of our Careers, Work Experience and Work-Related Learning website.
