The responsibilities of the school	3
Annex 1 – School and Local Authority Contacts.....	4

Aims

This policy aims to ensure that:

- Suitable education is arranged for pupils/students on roll who cannot attend school due to health needs
- Pupils/students, staff and parents understand what the school is responsible for when this education is being provided by the local authority

Legislation and guidance

This policy reflects the requirements of the [Education Act 1996](#).

It also based on guidance provided by the local authority. This policy complies with our funding agreement and articles of association.

The responsibilities of the school

If the school makes arrangements

Initially, the school will attempt to make arrangements to deliver suitable education for children with health needs who cannot attend school. This will be done either by sending work home for completion or by setting work to be completed electronically.

As part of any provision and/or as part of a reintegration plan it may be that the pupil/student will need a modified or part-time timetable. This would be negotiated with all relevant parties and agreed in writing. See Annex 2.

If the local authority makes arrangements

If the school can't make suitable arrangements, the local authority will become responsible for arranging suitable education for these children.

In cases where the local authority makes arrangements, the school and Trust will:

- Work constructively with the local authority, providers, relevant agencies and parents as well as the pupil/student themselves in order to ensure the best outcomes.
- Share information with the local authority and relevant health services as required.
- Help make sure that the provision offered to the pupil/student is as effective as possible and that the child can be reintegrated back into school successfully. This includes appropriate support for their emotional wellbeing.
- When reintegration is anticipated, work with the local authority to:
 - Plan for consistent provision during and after the period of education outside the school, allowing the pupil/student to access the same curriculum and materials that they would have used in school as far as possible
 - Enable the pupil/student to stay in touch with school life (e.g. through newsletters, emails, invitations to school events or internet links to lessons from their school)
 - Create individually tailored reintegration plans for each child returning to school which are likely to involve a modified or part-time timetable.
 - Consider whether any reasonable adjustments need to be made

See Annex 1 for school specific details.

This policy is to be read in conjunction with:

- **Accessibility Plan**
- **Attendance Policy**
- **Supporting Pupils with Medical Conditions Policy**

Annex 1 – School and Local Authority Contacts

At **Cranbury College in Reading** the person responsible for ensuring that suitable education is arranged for pupils/students on roll who cannot attend school due to health needs is:

Jane Lias

Senior Teacher

The local authority for this school is Reading.

At present Reading Local Authority (Brighter Futures for Children) do not have a policy for this, but take their guidance from the government document found [here](#).
