

Dear Parents/Carers

Please see enclosed your child's introductory report.

This report will outline some key academic information which can help you track your child's progress throughout Term 1 and Term 2. This can be referred to as Baseline Testing and Current Progress.

Grades are reflective of the GCSE 1-9 grade boundaries which are sub divided between .2 (low) .5 (medium) and .8 (high) levels.
Sport will be graded as 'P,B,S,G' which is reflective of their personalised assessment, Participation, Bronze, Silver or Gold.

PSHE & Citizenship are not assessed so there is no progress data for these subjects.

We have also taken a holistic approach to monitoring progress over the Autumn term, considering aspects of student engagement in learning and use of mobile phones within lessons. Criteria of how scores have been awarded can be found on the Engagement with Learning document on the back of the report.

If you wish to discuss your child's report in more detail, please do not hesitate to contact their Keyworker or Phase Leader for more information.

Yours sincerely

Julia Bray
Assistant Headteacher
