

Friday 27 January 2023

Dear Parent/Carer,

**REF: Wandering Students upon Entering Building**

I would like to thank you for your continued support of Cranbury College Re-Engagement programme and working with us to ensure your child receives consistent messages regarding conduct and behaviour.

As of Monday 30 January upon entering the school site, all students are expected to hand in any vapes, lighters, cigarettes or items deemed as unsafe in a positive learning environment. Possessions will be stored securely until the end of the students' school day.

As part of this process, we will be using a handheld metal detector. Each student will be 'wanded' upon entry to the building by two members of staff.

If student's refuse to hand over an item deemed unsafe, we will call you to discuss this as it may mean your child will be refused entry to the building.

If you would like to discuss this further, please do not hesitate to contact me.

Yours Sincerely

Sharon Quittenton  
Re-Engagement Lead
